MOOD MEDIA'S MP7200 MUSIC PLAYER

MUSIC AT THE TOUCH OF A BUTTON

The MP7200 is unique to Mood Media. Its proven technology combines unparalleled reliability and cutting edge software to give you the ultimate control over your choice of themed, instantly changeable music programs.

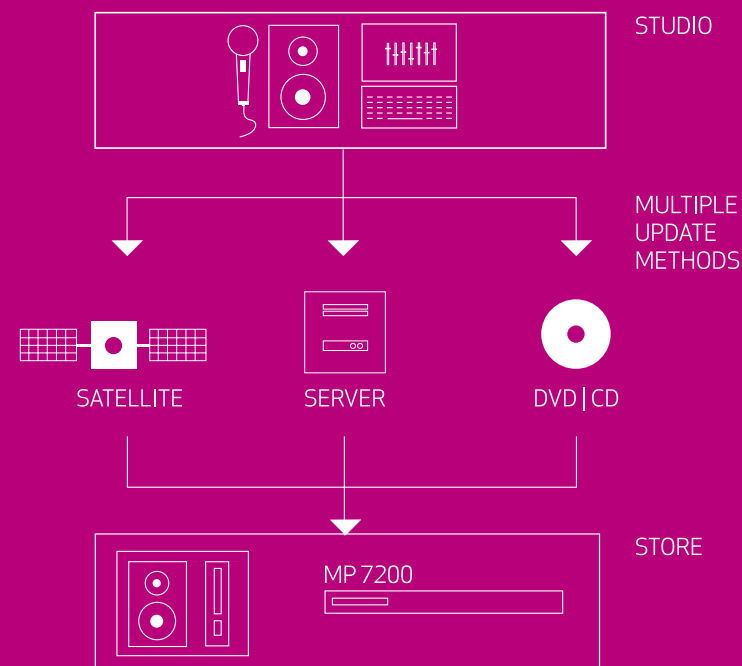

Developed by our own R&D department the MP7200 is designed to be as intuitive and user friendly as possible and will connect to any sound system meaning you'll be selecting your own music programs in no time.

Its specialist features have been specifically developed for independent businesses that want to have a simple solution for music and scheduling services in-store.

Key features include:

- select any genre of music imaginable at the touch of a button
- easy to use design
- music updates received via CD/DVD every two months
- all music content stored directly on hard drive
- music selected and set up manually
- scheduling to suit trading patterns
- multi-zone functionality
- encrypted audio content for total management control
- LCD screen displays song title, artist and menu options
